

Health & Safety Policy Statement

Rockwool Limited is the UK subsidiary of the Rockwool Group, the world's leading producer of stone mineral wool insulation products that provide thermal insulation, fire protection and acoustic performance.

The management is committed to continuously improving the health, safety and welfare as a means of preventing its employees, contractors or visitors from coming to any harm.

We actively promote positive health and safety by: -

- Providing adequate resources to comply with current health and safety legislation and all other requirements to which Rockwool subscribes.
- Adequately assessing and controlling health & safety risks that may arise from our activities.
- Engaging and consulting employees on matters that may affect their health and safety.
- Providing and maintaining safe plant, equipment and working environment and to ensure safe handling, storage and use of substances.
- Providing adequate information, instruction, training and supervision to ensure employees are competent and empowered to work safely and challenge any work activity they believe to be unsafe or unhealthy.
- Ensuring effective controls of visitors and contractors in order to protect people and business assets.
- Setting clear health and safety objectives through annual safety plans, supported by monthly review meetings, to ensure the continued effectiveness of health and safety.

This statement of our health and safety policy is communicated to every employee and made available to interested parties on request.

Responsibilities & Organization

- a) Directors and Senior Managers have prime responsibilities to ensure that health & safety matters are properly managed within their respective business areas.
- b) Department heads are responsible for ensuring business health and safety processes/ systems are fully applied and to ensure the working environment is safe for people and protects the environment.
- c) The Health, Safety Manager is responsible for producing and maintaining policies & procedures which support this policy, for assisting operational management to achieve these criteria, and for monitoring and reporting on compliance.
- d) Employees must take all reasonable care for their own health & safety and that of others who may be affected by their actions and act with due consideration for the environment. In doing so employees must bring to attention of management any unsafe practices or conditions that may impact the safety of people or business assets.
- e) Employees must use safety devices or equipment provided and must not interfere with or misuse anything which is provided in the interests of health & safety, and must bring to the notice of their managers any matters which may cause a risk to health & safety.

Darryl Matthews

Managing Director
